

Brenda K. O'Reilly, Ph.D., Professional LLC  
Licensed Clinical Psychologist  
Board Certified Professional Christian Counselor

### **CREDIT OR DEBIT CARD PROCESSING**

As a payment option for our sessions, you may keep a credit or debit card on file with me via Ivy Pay, a credit and debit card processing service. Ivy Pay's website is <https://www.talktoivy.com/ivypay>.

#### **Ivy Pay has several benefits:**

- \* I am able to charge you for sessions without physically swiping a card.
- \* The service is secure and compliant with HIPAA standards for client confidentiality.
- \* Your credit or debit card information is stored with Ivy Pay, not in my files or other records; I do not have access to your stored credit or debit card information.
- \* You would be able to review past charges and payments in a text message thread.

#### **The service works very easily:**

1. You provide a cell phone number, which I enter into an app along with a charge for the session fee or copayment.
2. Ivy Pay texts you a secure link leading to a page where you enter your credit, debit, HSA or FSA card information and approve the first charge.
3. After future sessions, I use Ivy Pay to charge the stored card; the app sends you a text informing you that I have done so.

#### **Other information:**

You will only be asked to enter your credit or debit card information once (unless you need or wish to change the card), and you do not need to download an app or regularly interact with Ivy Pay.

You will continue to have the option to pay via other methods if you would rather not store a card with Ivy Pay, and you can change or remove your credit or debit card at any time.

#### **Agreement:**

I hereby give Dr. O'Reilly permission to charge me the agreed upon session fees via texting me a link to Ivy Pay at this cell phone number:
